Have a neighborhood watch to prevent harm to children and to homes. watrer since it has a lot of limestone and destroys everyones pipe the city should invest in a main water softener for all so it goes through to everyone's home who is hooked up to city water. many of these big companies could donate money to make this town better with a water park building another manor for the elderly and the cdiity reaps the benefits from this. the water park can have a cost per person to get in using a turnstyle like the subway to use it. the water only goes on if someone it in the weater area. hire a few people to maintain the flowers and trash around town all year long. use the street sweeper to clean up the junk thats on the roads.	7/14/2020 5:14 PM

6	the way the cars are parked downtown on the road have to get out in the middle of the road to turn or go across the street. this is very dangerous... cars should be parked on an angle like in a parking lot not like they are not. so we can see. this will prevent accidents.	7/14/2020 6:06 PM

1	Please focus on cleaning up the back streets of the city. Most of the focus is on main street. Most people that want to buy housing in this area go onto the back streets and see the blighted housing and yards. We have a very low income base line due to jobs being almost non existent. There is no major shopping in all of presque isle county. Perhaps we could attract a major shopping store to bring in more industry and business. Meijer Perhaps? Especially since they are a michigan store. Maybe they would consider putting in a smaller neighbor hood market?	8/3/2020 12:02 PM
2	I have never used the medical services, but a minor emergency room would be nice. I love this town it is small yet, offers basic convenience. My mother used the senior activities and enjoyed them. The only major complaint is the lack of pride in some yards.	7/28/2020 11:45 AM
3	please adhere to all my advise and comments. i lived in this town as a child and it was better than, that it is now. this city is dying and needs much improvement. and if it stays like it is. it will be only what it is now the welfare city as other cities call it. and no place to go or visit. and don't want to live here. is what i hear because i work out of the area because i couldn't even get a job here.	7/14/2020 6:15 PM
4	Thank you for your service to our community!	7/10/2020 1:00 PM
5	More community activities and entertainment opportunities would be great. More events at the park or downtown areas to promote community involvement perhaps. Fixing the side roads would make a huge improvement to city limits	7/8/2020 12:14 PM
6	While in retirement ,with taxes,sewage and the cost of living in town makes it very hard. Most people will abandon their older homes because they cannot afford upkeep while trying to pay the bills.	7/5/2020 10:43 AM
7	There needs to be a fun place for kids to hang out and do things. Especially in the winter. There is no community center where kids can have fun indoors. Somewhere people and kids can get some exercise all year around. Look to GoFundMe for money to build a community center with exercise areas, skating, indoor track for people to walk on all year.	7/2/2020 11:28 AM
