

MISERY BAY INITIATIVE  
A PLAN TO PROTECT THE COASTAL RESOURCES OF MISERY BAY

Alpena County, Michigan

**Prepared for:**  
Alpena Township, City of Alpena and Alpena County

**Prepared by:**  
Northeast Michigan Council of Governments  
121 East Mitchell Street  
P. O. Box 457  
Gaylord, Michigan 49735  
[www.nemcog.org](http://www.nemcog.org)  
Richard Deuell, AICP – Project Manager and Lead Planner

**Assisted by:**  
**Misery Bay Initiative Committee Members**  
Don Beem, riparian owner & Thunder Bay National Marine Sanctuary  
Richard Deuell, Northeast Michigan Council of Governments  
Heather Enterline, U.S. Fish and Wildlife Service  
Fred Gottschalk, Headwaters Land Conservancy  
Kenneth Houghmaster, riparian landowner  
Andrea Kline, The Nature Conservancy  
Kirk Kowalski, Alpena Conservation District  
Elizabeth Littler, riparian landowner  
Peter McCaughey, Beaumont Point Club  
Barbara Meek, Thunder Bay River Watershed Council  
Jerry Meek, Alpena County Planning Commission  
Gil Peterson, LaFarge Corporation  
Connie Stafford, Alpena News  
Cody Stevens, Michigan Department of Natural Resources  
Richard Stevenson, Michigan Department of Natural Resources  
Steve Tongue, Thunder Bay Island Lighthouse Preservation Society  
Marie Twite, Township of Alpena.  
Len Zolnierik, Alpena County Board of Commissioners

**The preparation of this plan was funded by:**

Great Lakes National Program Office  
U.S. Environmental Protection Agency

**Acknowledgements**

Don Beem provided several photographs used in the study report. Alpena Township provided the meeting room for all of the Misery Bay Steering Committee meetings.

Table of Contents

|  |      |
|--|------|
| CHAPTER 1 - INTRODUCTION .....                         | 1-1  |
| Location and Regional Setting .....                    | 1-1  |
| A Brief History of the Area .....                      | 1-2  |
| State of the Lakes Ecosystem Conferences (SOLEC) ..... | 1-3  |
| Biodiversity Investment Areas .....                    | 1-4  |
| Plan Development .....                                 | 1-5  |
| Steering Committee.....                                | 1-6  |
| CHAPTER 2 - EXISTING CONDITIONS .....                  | 2-1  |
| Community Demographics .....                           | 2-1  |
| Land Ownership .....                                   | 2-2  |
| Land Divisions.....                                    | 2-5  |
| Existing Land Use/Land Cover Characteristics.....      | 2-6  |
| Soils Constraints Analysis.....                        | 2-7  |
| Water Resources .....                                  | 2-12 |
| Geology and Landforms.....                             | 2-13 |
| Natural Features Inventory .....                       | 2-19 |
| Vegetation Cover Type Information .....                | 2-20 |
| National Wetlands Inventory .....                      | 2-22 |
| Pre-settlement Vegetation Types.....                   | 2-22 |
| Islands .....  | 2-23 |
| Fisheries .....  | 2-23 |
| CHAPTER 3 - STATUS OF PLANNING AND ZONING .....        | 3-1  |
| Introduction.....                                      | 3-1  |
| Status of Planning and Zoning.....                     | 3-1  |
| Future Land Use Plans .....                            | 3-1  |
| Zoning Map and Districts .....                         | 3-3  |
| Specific Zoning Regulations.....                       | 3-8  |
| CHAPTER 4 - ASSETS, PRIORITY AREAS AND CONCERNS .....  | 4-1  |
| Misery Bay Committee Input .....                       | 4-1  |
| Assets and Values .....                                | 4-3  |
| Priority Conservation Areas .....                      | 4-3  |
| Issues and Concerns .....                              | 4-4  |
| Build-out Analysis.....                                | 4-4  |
| Land Fragmentation .....                               | 4-6  |
| Non-Native and Exotic Species .....                    | 4-7  |
| SOLEC 1998 Current Threats to Ecological Values .....  | 4-7  |
| CHAPTER 5 - MISERY BAY GOALS .....                     | 5-1  |
| Why Protect Nature in Our Community .....              | 5-1  |
| Overall Ecological Goal .....                          | 5-1  |
| Community-wide Resource Goals .....                    | 5-2  |

|   |      |
|---|------|
| CHAPTER 6 - CONSERVATION PLANNING AREAS ..... | 6-1  |
| Introduction.....                             | 6-1  |
| Priority Conservation Areas .....             | 6-1  |
| Conservation Planning Areas .....             | 6-1  |
| Waterfront Residential.....                   | 6-2  |
| Forested Lands .....                          | 6-3  |
| Shorelines and Beaches.....                   | 6-4  |
| Riparian Zones.....                           | 6-5  |
| Islands .....                                 | 6-7  |
| Wetlands .....                                | 6-8  |
| Inland Lakes and Streams .....                | 6-9  |
| Public and Semi-Public Lands.....             | 6-9  |
| Karst Geology .....                           | 6-10 |
| The Bays .....                                | 6-10 |
| IMPLEMENTATION .....                          | 7-1  |
| Voluntary Conservation.....                   | 7-1  |
| Long Term Preservation.....                   | 7-2  |
| Regulation and Policies .....                 | 7-2  |
| Misery Bay Steering Committee.....            | 7-3  |
